OGNI GIORNO PUÒ ESSERE PIÙ
BRILLANTE CON LA LUCE GIUSTA!

LE CREAZIONI GEA LED NASCONO DALLA
QUOTIDIANA RICERCA DI IDEE PER
L'ILLUMINAZIONE, FONDENDO UNO STILE
UNICO ALLE PIÙ MODERNE TECNOLOGIE.

EVERY DAY CAN BE BRIGHTER
WITH RIGHT LIGHT!

GEA LED CREATIONS ARISE FROM THE DAILY
SEARCH FOR IDEAS FOR LIGHTING, BLENDING
A UNIQUE STYLE WITH THE MOST MODERN
TECHNOLOGIES.

RINNOVARSI SEMPRE.
COME INSEGNA LA NATURA.
CONSTANT RENEWAL,
AS NATURE TEACHES US.

Se c'è una cosa che ci può insegnare la natura è il senso del rinnovamento costante. Gli stili cambiano, la tecnologia evolve, le richieste variano. Essere in continuo movimento è il modo migliore, e anche l'unico, per fare passi avanti. Richiede dedizione, sì, ma i risultati ripagano lo sforzo. È con questo spirito che presentiamo il nuovo catalogo GEA LED e le novità di quest'anno.

Trasformare esigenze in risposte: è questa la formula scelta da GEA LUCE per stabilire una connessione con i suoi clienti. Un approccio che si traduce in scelte estetiche in evoluzione coi tempi ma anche con azioni concrete: consegne veloci, risposte rapide, assistenza pre e post vendita attenta, chiarezza e coerenza nell'offerta.

If there is one thing nature can teach us, it is constant renewal. Styles change, technology develops and demands vary. Continuous motion is the best and the only way to make progress. It requires dedication, yet results are achieved through hard work. Bearing this in mind, we present our new GEA LED catalogue and our new products for this year.

Turning needs into solutions: GEA LUCE has chosen this formula to connect with its customers. Such an approach results in aesthetic choices that develop with the times, but also with concrete actions: fast deliveries, quick replies, solicitous pre-and post-sales assistance and a clear and coherent offer.

COSTRUIAMO INSIEME
IL FUTURO,
DA OLTRE 30 ANNI.

WE BUILD TOGETHER
THE FUTURE,
FOR OVER 30 YEARS.

Linee e figure che si integrano con lo stile e lo spazio, luce che si integra con il futuro del Pianeta. In ogni prodotto GEA LED estetica ed efficienza convivono in sintonia, grazie alla ricerca e alle prestazioni dei LED. Senza più inutili sprechi o consumi, tutta l'energia può essere investita nel sostenere il design.

Ad oggi la quasi totalità dei prodotti è a LED. È una scelta che GEA LUCE ha fatto da tempo guardando al futuro. E oggi la convinzione è più forte che mai. La ricerca ha permesso di superare i limiti del LED riuscendo nello stesso tempo a svelare nuove potenzialità. Non ci sono più compromessi, non ci sono confini, non ci sono più scuse.

Lines and shapes combine with style and space while light integrates with the future of our Planet. All GEA LED products offer harmonious aesthetic appeal and efficiency, thanks to research and to the performance of LED. Without any unnecessary waste and consumption, all energy can be invested in supporting design.

Today, almost all our products are LED-based. GEA LUCE made this choice some time ago looking ahead to the future. And today, we are even more convinced of our choice than ever. Research has allowed us to exceed the limits of LED lighting and successfully unveil its new potential. No more compromises, no more limits and no more excuses.

IL MONDO DI DOMANI
SARÀ ILLUMINATO A LED.

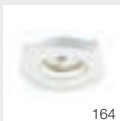

TOMORROW'S WORLD WILL
BE ILLUMINATED BY LED LIGHTING.

PROIETTORI PROJECTORS 48Vdc

I sistemi a bassissima tensione 48Vdc, realizzati con profili magnetici permettono un facile alloggiamento di apparecchi di illuminazione lineari, proiettori e luci a sospensione installabili in qualsiasi punto del binario.

Ideale anche per ambienti dalle metrature generose e soffittature con altezze importanti, grazie alla versatilità degli accessori in dotazione e kit di sospensione.

Si possono strutturare dei grigliati per una maggior e migliore distribuzione della luce scegliendo i corpi illuminanti tra la vasta gamma di prodotti disponibili.

Si possono inserire ed installare a binario, prodotti d'illuminazione di tipo lineare, spot proiettori, ed articoli a sospensione con una semplice pressione sulle due estremità dell'adattatore.

Si possono far scorrere i prodotti fino al punto desiderato del binario con la massima sicurezza.

Una gamma eterogenea di prodotti d'illuminazione con diverse specifiche e caratteristiche d'illuminamento: dalla luce d'accento alla luce diffusa, apparecchi che sapranno soddisfare qualsiasi esigenza di stile, forma e funzione.

The ultra low voltage 48Vdc systems, built with magnetic profiles, can easily fit linear lighting fixtures, floodlights, and pendant lights, which can be installed anywhere on the track.

Also ideal for large spaces and high ceilings.

With the versatile accessories and suspension kit, gratings can be structured to enhance light distribution, by choosing luminaires from the wide range available.

Lighting tracks can fit linear lighting products, spotlights, floodlights, and pendant lamps - all inserted and installed by simply pressing the two ends of the adapter. Slide the products to the desired track point with maximum safety. A broad range of lighting products with different specifications and features: from accent lighting to diffused lighting, luminaires to meet any style, shape and functional requirement.
